

## Self Catering on Gower

Welcome, and thank you for taking the time to check out the website for our property (Gower Edge), we hope the information in the next few pages show that we meet your requirements for self catering accommodation and that you will consider booking with us in the near future. We would love to have you stay with us.

Gower Edge is a self catering holiday home from home on the inner edge of the beautiful Gower Peninsula in South Wales. We are dog friendly and happy to welcome multiple pets to the property at no additional charge. Children and the young at heart are also well catered for with a large number of books, games and toys available for use during your stay.

Our spacious and comfortable holiday accommodation sleeps up to 8 people in comfort in four double rooms (1 king size bed and 3 twins). We are well placed to visit both North and South Gower as well as being within easy reach of Swansea Bay and Mumbles, which have their own particular charm.

Whilst the local beaches provide a spectacular backdrop to a summer holiday, they are equally majestic out of season and a growing community of activity providers and restaurants, paired with an active events and theatre scene make the area an equally exciting destination out of season. Gower Edge offers weekend and mid-week breaks in all but the height of summer to allow visitors to take advantage of these experiences.
