

Welcome to Gower Edge

Well this is it, our new responsive website for our self catering holiday let. It has been on the drawing board for a while now, but came into existence over the last few days. I hope you will find it a user friendly experience and I would love any feedback you can give about what else you would like to see. I'm aiming to expand the "Out and About" section over the next few weeks so pop back and see how we are doing or keep in touch with developments via our social media buttons at the top of the page.

If you are not familiar with the area, the Gower Peninsula was the first designated Area of Outstanding Natural Beauty (AONB) in the UK and those who are lucky enough to have visited already will understand why. There are miles of beautiful sandy beaches along the lower edge of the Gower with amazing views across to Devon and down to Pembrey and beyond. There is moorland and marshland, wooded areas and vibrant communities all within a small footprint jutting out into the Bristol Channel. Swansea is the gateway to the Gower, a bustling, happy city with a wealth of heritage and an increasingly well known football team! If a staycation is on the cards for you this year then make sure you consider this area for a visit.

The word is out - we'll see you there!
