

Short Break Deals

GOWER EDGE ALL YEAR ROUND

Extend your options with a weekend break

SHORT BREAK DEALS

We offer short breaks through most of the season, even at peak periods if late availability exists, so you can relax and recharge your batteries at any time of year. Our standard short breaks are 3 night weekends (Friday to Sunday inclusive) and four nights midweek (Monday to Thursday inclusive). Gather your friends and family and get together to exchange Christmas presents, or enjoy a few rounds of golf. We will always consider non-standard start and end dates, just contact us and we'll be happy to give you a quote. We often run special short break deals for particular months of the year, so check out our [Special Offers](#) page as well.

LONGER LETS

It has been possible in the past to offer a longer let facility (six weeks or more) in the winter months. This has proved useful for guests working in the area on short term contracts, families moving to the area or between houses, or those having major renovation works undertaken on their own property. We know it can be particularly difficult to find a dog friendly option in these circumstances, so please contact us for a quote if you are interested in this option.
