

## Take a Tour

### **GOWER EDGE**

#### **Your home from home on holiday**

---

Pet friendly Gower Edge sleeps up to 8 people in comfort in four double bedrooms so could be your ideal Gower holiday choice. There is off road parking for three cars at the front of the property and a secluded garden with patio to the rear. There is plenty of space to spread out downstairs with three living rooms and a further garden room. If you think Gower Edge is for you then check our availability and fill in the contact form opposite. We're happy to help!

### **DOWNSTAIRS**

**Kitchen:** The heart of the home well stocked with appliances to support your stay. Here you will find the

- 900mm dual fuel range cooker
- microwave
- dishwasher
- fridge/freezer

There is breakfast seating for four people (dining table for 8 in separate room). Try the butchers in Killay for award winning breakfast sausages, or treat yourself to some locally sourced Gower salt marsh lamb.

**Lounge/dining room:** Relax in the large front facing living/dining room. Here you will find

- dining table with seating for eight

Relax with a glass of wine, play a board game, plan the next expedition - the choice is yours! The TV here will play DVDs of which there is a good supply at the house. There are double doors through from this room to a further lounge.

**Lounge/TV room:** Situated at the rear of the house, with french windows into the garden room. Here you will find

- 32" flatscreen HDTV with integrated freeview

---

- DVD player.
- Large selection of puzzles and games

Keep up to date with your favourite soaps after a day of sun and sand or use the puzzles and games for a good old family get together!

**Lounge/video room/library:** There is a further smaller lounge to the front of the property with a TV which plays videos and DVDs. We have built a large collection of videos and DVDs for all ages, and this room is popular with teenagers, who I am told sometimes like to "chillax" without the oldies around. Little do they realise the oldies are doing a little "chillaxing" of their own elsewhere in the property. Whatever - you're on holiday!

**Garden Room:** Sit outside inside in the spacious garden room attached to the rear of the house and overlooking the garden. There is soft seating here for the summer evenings, and the washing machine and tumble dryer are located here.

**Cloakroom:** The downstairs cloakroom has a full size wash hand basin and toilet. There is also space to hang coats.

## **UPSTAIRS**

Three bedrooms have twin single beds (one room now has the option of these being zip-linked into a super king size upon request) the fourth bedroom has a king size double.

**Family Bathroom:** This room contains a corner bath and separate shower cubicle. There are additional towels available for your stay with the request that these are laundered and returned if you use them

## **OUTSIDE**

There is a large secluded rear garden with patio area by the house. Garden tables and chairs allow for al fresco dining if the mood takes you!

To the front of the property there is hard standing off road parking for three cars.

... and remember, multiple pets can enjoy their holiday with you for free. Here is our best friend,
